Classy Bill at the Auditorium.

The Auditorium gives the month of June a good start by offering for the last three days of this week what our old friend "Teddy" would describe as "a corking good" show.

BERTILLON SYSTEM To Be Installed for Bridgeport Police-Utility of System.

It has been definitely decided that the Bertillon system will be soon installed at police headquarters in Bridgeport. Probably definite action on this matter will be taken at the meeting of the police commissioners this week. Police Commissioner C. D. S. Miller, Superintendent of Police Engage Birmingham, Capt. G. H. Arnold and Detective G. E. Fox went over to New Haven Saturday and made a visit to the detective department. The system as installed and in use there was shown and explained to them. There were preasont several representatives of the Bertillon system.

It will be necessary to have the system to be a member of the International Detective association, which has its headquarters at Washington and Boston. By photograph, finger prints and the measurements of the body, etc., any unknown felon who is caught in Bridgeport and whose identity is not known can be identified with full history at headquarters, either at Boston or Washington.

STATE LABOR COMMISSIONER Shows Sound Sense in Sentiments Concerning Capital and Labor.

Many a man will say "Amen" to the remarks of State Labor Commissioner Patrick H. Connolly, says the Commercial Record, that "The proper procedure to secure lasting industrial harmony is the adoption of a contract to abich both parties must adhere faithfully. Strikes and lockouts, as steps toward readjustment of business relations, should be made unfair. Blacklisting is skin to boycotting, and those methods are both detrimental and unjust. Arbitration should prevail where disputes arise."

Members of the general assembly are receiving letters soliciting their support against the proposal to repeal the library law. The usual item of \$6,500 has not, it is said, been put into the appropriation bill this time, and it is understood that a bill will be reported to repeal the law.

Under this law the establishment of \$4 town libraries has been secured. 34 town libraries has been secured, which are now sptting state aid and doing excellent work for the schools as well as for the public in general. The state now has between 300 and 100 small libraries which are loaned to country schools for fixed periods. It is claimed that should the present law be repealed it would be necessary to store these tibraries in the garret of the capitol, as there would be no money to pay the expenses of sending the the use of the libraries would be any felt in the country towns. Failore to secure the appropriation would also mean that the aid now given to all towns in the matter of cataloguing libraries and putting a system of doing work into operation would be discontinued.

Little Sidelights on Legislators and Legislation

Norwich

Marked opposition to the Sunday hotel license law will be strenuous in the house. Petitions against the passage of the bill came into the house Wednesday from various towns and cities among them three signed by citizens of Danielson and Plainfield.

A flood of petitions, 62 in number, came into the house Wednesday from women of Connecticut, who are opposed to the passage of the woman's municipal suffrage bill, indicating that all of the gentler sex are not agreed as to the matter of exercising the voting right. The petitions bore hundreds of signatures.

Sessions called to meet at 10.30 will probably not be a regular thing though everybody claims that they are anxious to finish up the work before the present general assembly and go home for a rest. Wednesday morning the house was called to order at the hour mentioned, but too few members were present to do much business so process and after sitting 20 minutes, during which futile attempts were made to take up several measures. Representative Hall of Willington, in apparent disgust, moved adjournment. This was opposed, but a count of the tellers disclosed no querum, the house thereby being automatically adjourned. Representative Margee of Watertown was presiding as speaker during the time the house was in session after 2 o'clock.

'Cascarets' Belong In Every Household

Take One as Soon as You Don't Feel Just Right. It is Old-Fashioned and Needless to Take Harsh Doses of Physic.

We all live unnaturally, Our food is too fine; too rich and too plentiful. We eat too little fruit, too few green veretables. We don't exercise enough. The result is, our boweis get clogged: our liver becomes inactive, for nature our liver becomes inactive, for nature intended us to live in a different way.

What shall we do? Shall we walk ten miles a day? Shall we diet ourselves? Shall we seek for more laxative and less costive effect in our food? Or shall we take Cascarets? One way will serve just as well as the other.

Cascarets are vegetable lavatives.

Cascarets are vegetable laxatives. Their action is as natural as the action of fruit, of coarse food or of exercise.

They are gentle. They persuade the bowels—never drive them or irritate them. They are candy tablets, and the dose is one at a time—just as soon as you know that you need it. It is wrong to take harsh physic and to wait until you need a big dose. It is better to keep at your heat every the terms of the second to the better to keep at your best, every hour of every day. And one Cascaret at a time is sufficient. That means to

keep a 10 cent handy in the home. Foley's Kidney Remedy Is particularly recommended for chronic cases of kidney and bladder A resolution extending the time for At Lee & Osgood Co.

THE SONG OF SIVA.

Tis Night; all the Sirens are silent.

All the Vuitures asleep;
And the Horns of the Tempest are

stirring
Under the Deep;

'Tis Night; all the snow burdened
Mountains
Dream of the Sea,
And down in the Wadi the River
Is calling to me.

'Tis Night: all the Caves of the Spirit Shake with desire.
And the Orient Heaven's essaying Its lances of fire.
They hear, in the stillness that covers The land and the sea.
The River, in the heart of the Wadi. Calling to me.

'Tis Night, but a night of great joy-A night of unrest—
The night of the Spirit
Of the East and the West:
And the Caves and the Mountains are
dancing
On the four of the Sea.
For the River inundant is calling.
Calling to me.
—Ameen Rikani, in the May Atlantic.

TO A LADY.

lady, think you I am lonely When your self is otherwise? Think that you are the only One supremely fair? Think you in the splendid city
There is not another face—
None that seems to me so preity—
None with half the grace?

Think you I have naught to do but Build for you the Lofty Rhymel Think you that I think of you but Three-thirds of the time? Lady, and so be that way your
Thinking takes its turn tonight.
Then, O Lady, I should say you're
Absolutely right.
—Franklin P. Adams, in The Century.
